Acts Chapter 4,

So in acts 4 verse 1-4 we see that Peter and John got arrested because Peter healed a lame man and then they started preaching but I won't go in there cause David did.

Acts chapter 4

So 4-17 we see that Peter was filled with the holy ghost and we saw this holy ghost in chapter 1 in the upper room 12-14 or to end but we are not going there. So Peter was filled with the holy ghost verse 8. Now we see that they both got boldness in the Lord in verse 13. The rulers, elders, and scribes did not know what to say and think that they have been with Lord Jesus.

Acts chapter 4

We can see that they were able to go but they can't preach and this is in 18 and 23 they say don't preach the gospel of christ. But they were let go if we read more we see that they still preach the word of God. When they went back to their house 23-31 they all with one accord sang praises to the God and they were all filled with the holy ghost. Verse 32-37 we see that Barnabas and Levite gave their land money to the apostles feet.

Acts chapter 4

So what we learned from this is that we need to have the boldness to speak the word as Peter and John did and we need to have love for Lord Jesus and we also need to learn to love the children of God as Barnabas gave his land money to the church. As Lord said love one another John 15:17
